

EXA/  
Deputy Director  
for Administration

DDA 86-1764  
16 October 1986

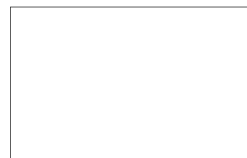

NOTE FOR: Chief, Analysis Division  
Office of Security

SUBJECT: SAFE Access

REFERENCE: Memo to Chief, SAFE Support  
fm Chief, Analysis Division/OS  
(DDA 86-1736x), dated 7 Oct 86

1. I have concurred in your request for two SAFE accesses. Due to the current moratorium on SAFE access, our Directorate is limited to four non-developmental users. If in the future a more pressing need arises in the DA, I may need to coordinate with you to relinquish one of your two accesses.

2. Your request was forwarded to SAFE Support for handling.

MEMORANDUM FOR: Chief, SAFE Support  
THROUGH: Director of Administration,  
Att: Executive Assistant  
FROM:   
Chief, Analysis Division, OS  
SUBJECT: SAFE Access

1. This memo requests two accesses to the SAFE system for the Analysis Division of the Office of Security.

2. The Analysis Division is part of the Deputy Directorate for Physical and Technical Security and is charged with establishing the vulnerability of Agency facilities worldwide to penetrations by technical means. Information currently residing in various elements of the Offices of Security, Communications, and Logistics as well as data from the Directorate of Intelligence and the Directorate of Operations are being reviewed on a continuing basis for relevant items. We have determined that accesses to the SAFE system for our analysts would be a valuable resource as well.

3. It is therefore requested that the Analysis Division be granted two accesses to the SAFE system. The point of contact for questions on this matter is the undersigned,
